Nina Grealy, Medical Administration, ngrealy@cmh.org

Position Details

Cambridge Memorial Hospital (CMH) is looking for Full or Part Time Emergency Physicians (EP) to join our Department of Emergency Medicine. EPs will be responsible for both the acute and sub-acute areas of the department.

- Emergency Physicians (EP) would ideally hold an FRCPC or CCFP-EM designation
- Physicians without the EM designations, who have experience and comfort in emergency medicine will be considered

Positions are remunerated through a generous Alternate Funding Arrangement (AFA) with shadow billing as well. More details are available on request.

Shift & Department Details

CMH is a busy, medium-sized ED that sees around 110-150 patients per day (50,000 per year). There are 6 shifts daily and each shift is scheduled for 10 hours; all shifts start with duty in the acute region and subsequent transition to subacute. All new EPs will be scheduled in shift overlap with other physicians. Most shift-hours have a significant physician overlap system in place by default, especially during peak volume hours.

The ED is brand new, having opened only in 2020, with excellent colleague and specialist support. There is a 12-bed ICU that is covered 24/7 and internal medicine admits patients at all hours. Other admitting services include general surgery, orthopedics, OB/GYN, pediatrics, psychiatry, and oncology. There is regional coverage for urology, ENT, spine surgery, plastic surgery, and nephrology. The ED has x-ray and CT 24/7, ultrasound 15 hrs 7 days a week, and MRI 12 hrs per day.

Cambridge Memorial Hospital Details

CMH is in the process of completing an innovative Capital Redevelopment Project that has provided the hospital with brand-new facilities in Emergency, Critical Care, Inpatient Medicine, Surgery, Obstetrics, Pediatrics, and Mental Health. With plenty of regional firsts in surgical and diagnostic imaging technology, CMH continues to find innovative ways to provide our staff with the tools and facilities that support our vision of building healthier communities together. CMH is currently underway to implementing a new Health Information System that will meet the immediate clinical and business needs within the hospital and the future need of providing seamless access to health data by our community partners and family practitioners.

We are a thriving community hospital with 190 beds, a high-volume emergency room, and full support from medical and surgical subspecialties, intensivists, and neurology. The Cambridge medical community is tight knit with annual events via the Cambridge Academy of Medicine. These gain

attendance from family physicians, ER, Pediatrics, Radiology, General Surgery, and many others to ensure a cohesive and collaborative environment.

We are affiliated with Waterloo Campus of the Michael G. DeGroote School of Medicine, McMaster University, and support academic interests. CMH is also a partner of the Cambridge North Dumfries Ontario Health Team. For physicians with an interest in medical teaching, there are opportunities to have medical learners on shifts as well (medical students and residents).

Cambridge Details

Located 1 hour from Toronto, London, and Hamilton, Cambridge is a modern city with a rich architectural heritage that can be clearly seen today. United by this heritage and rivers, cultures, and appealing lifestyle, Cambridge has become one of the fastest-growing cities in Canada. Here one can enjoy a family-friendly city with an excellent standard of living and access to parks, rivers, recreational facilities, universities, colleges, and high-tech jobs all in one place.

How to Apply/Questions

Any questions regarding the department or open positions should be directed to Dr. Jas Gill, Deputy Chief of Emergency Medicine via email at jasxgill@gmail.com.

Applications should be addressed to Dr. Matthew Runnalls, Chief of Emergency Medicine and emailed to Nina Grealy, Medical Administration, ngrealy@cmh.org. Applications will be reviewed until the positions are filled. Flexible start times are available.
