

Porter

As a key contributor to CMH's ongoing focus on quality patient care, this full-time role concentrates on transportation of patients and various supplies throughout the hospital. The successful incumbent will manage patient transfers and must demonstrate excellent communication and patient care skills as they work directly with clients. Responsibilities also include the movement of wheeled goods, transport of stat specimens and linen supplies. The successful candidate must have a strong ability to prioritize, multitask and have a proven track record delivering quality results. This position is to work all shifts, days, nights and evenings including weekends and holidays. The physical requirements of job include constant walking, halls and corridors, stairs, ramps, uneven surfaces, tight spaces, reaching, bending, squatting, kneeling, pushing and lifting of moderate to heavy weights. This position contributes to ensuring there is a safe environment for patients, staff and visitors.

Posted hours do not constitute a guarantee that shifts will not be subject to change.
