

How We Protect Your Personal Health Information

- We have policies and procedures to govern privacy
- Our Chief Privacy Officer may audit your personal health information to see who has accessed it
- We store your personal health information in controlled areas
- We have identification badges, electronic user names, passwords and a secure network
- We destroy personal health information beyond retention guidelines or additional copies by shredding to render it useless

If you have questions or concerns about our privacy practices, please contact our Chief Privacy Officer
